

ENJOY DRIVING

YOUR PERFORMANCE IS WHAT DRIVES US.

In motorsport, just as in everyday road transport, the quality of your tires is crucial. With over 60 years' experience, Giti Tire is the choice for sporting success and safety on the road. From the very beginning, each and every one of our employees has made it their business to ensure that our customers across the globe can do one important thing: Enjoy Driving.

This philosophy is reflected in our business dynamics and the passion for innovation and technology which we invest in conceptual design and development very single day. In our European development center in Hannover we produce tires that have been tried and tested on the race track, with a focus on safety, comfort and driving pleasure.

Developed using German engineering and tested according to the very highest quality standards, our extraordinary performance technology brings tires from the race track to the road – for vehicles of all classes. This is true engineering craft – thanks to which we have won numerous international awards as well as receiving a TÜV certificate with the highest possible marks. This makes us one of the world's top-ten tire manufacturers and an innovative partner for you and your vehicle.

Hop in, hold tight, and experience a true motorsport feeling – with Giti Tire's diverse product range.

ELITE RACER WITH GRIP

- Innovative tread compound for exceptional grip in both wet and dry conditions
- Enhanced safety thanks to short braking distances
- Well-balanced stiffness for direct and precise steering
- Innovative profile design for increased fuel efficiency and mileage as well as even tire wear
- Optimized tread block geometry for minimal noise generation
- Increased performance for the demands of European original equipment

GitiPremium^{H1}

UNCOMPROMISING PERFORMER

- Specially designed for mid-range cars and premium vehicles
- Exceptional performance in both wet and dry conditions
- First-class ride comfort and precise handling
- Improved rolling resistance for reduced fuel consumption
- Excellent mileage and even tire wear
- Also available for compact-class SUV models
- Increased performance for the demands of European original equipment

GitiAllSeason^{AS1}

TOP PERFORMANCE AT ALL TIMES

- Maximized water drainage, for short wet braking distances and reduced risks of aquaplaning
- Centre section with full sipes design ensures grip & traction on snow and ice
- Shoulders' solid blocks design guarantees stiffness & stability under warm conditions, and high speed handling with direct steering response
- The new high silica compound guarantees outstanding grip at low temperatures and in wet conditions, but also reliable hot summer rigidity

Girlpower at Giti Tire

#GIRLSONLY Ready to rock the Green Hell

Giti Tire and motor sports belong together. Which is why Giti Tire is supporting the women's WS Racing team by equipping their VW Golf VII GTI TCR with GitiCompete^{GTR1} tires. The slogan "Girls Only" says it all. The team consists entirely of women, except for the grid boys – both inside and outside the cockpit. At the ADAC TOTAL 24-hour race and at the 2019 VLN race, all of the team's members, from the team boss to the engineers and mechatronic technicians, proved that motor sports do not have to be a purely male domain.

As the team's main partner, we are naturally delighted to take on the "Green Hell" challenge, which will enable us to confirm our expertise in the European – and especially the German – tire market. Volkswagen, as communication partner for WS Racing, supported the women's team and facilitate their use of the VW Golf VII GTI TCR.

FROM THE RACE TRACK TO THE ROAD

Following the successful use of two Lamborghini Huracán LP 620-2 Super Trofeo cars at the ADAC Zurich 24-hour races in 2017 and 2018, Giti was again involved in international motor sports in 2019. For Giti Motorsport the 24-hour race at the Nürburgring is always enjoying a very high profile. In partnership with the WS Racing team and Volkswagen Motorsport as the team's communication partner, tire manufacturer Giti launched the world's first all-female team in a 24-hour race – "Girls Only" in the VW Golf VII GTI TCR. To further develop its racing tires two Audi R8 were used in the season 2019, which made first and second place in class SP8 in the 2019th 24-hour race.

The origins of Giti Tire are firmly rooted in motor sports. Our brand stands for performance and we are passionate about participating in international motor sports events. The vehicles are equipped with the GitiCompete^{GTR1}, a competition tire specially developed for extreme loads. Giti Motorsport's partners and the drivers are highly professional and aim to set a new benchmark at the "Green Hell" in 2020. The experience we have gained at international race tracks is incorporated into the development and production of our road tires to ensure even greater agility and safety.

Join us in the fast lane and help us share our excitement via our Facebook and Instagram channels.

Giti Tire at a Glance
