

**GT RADIAL**  
Experience the Performance

## WINTERPRO<sup>2</sup> SPORT

NEXT GENERATION WINTER HIGH PERFORMANCE TYRE FOR SPORTS CARS AND SUVs

17-19 Inch | Speed Rating: H-V | 40-65 Series

"The Winterpro<sup>2</sup> SPORT is the new GT Radial winter tyre for **high powered cars and SUVs** which delivers **superb snow performance and exceptional driving pleasure.**"

### FEATURES & BENEFITS

**Large shoulder blocks and multi T-bars**  
▶ **Stability and stiffness** for high speed precision. Large, wide blocks on the outside shoulder increase the contact area, ensuring a larger footprint for **maximum control and steering precision** while cornering on dry roads

**Four ultra-wide grooves**  
▶ **Fast water evacuation** for firm braking

**Scimitar shape directional profile with razor sharp edges**  
▶ **Grip** on snow and wet roads
