

WINTERPRO² SUV

HIGH PERFORMANCE TYRE

⊗ 16–17 Inch | Ⓢ Speed Rating: T–H | ○ 60–70 Series

“The Winterpro² SUV is the GT Radial winter tyre for **crossover and compact SUVs**. This new tyre offers a **high degree of control in wet and snowy weather** as well as a particularly long service life.”

FEATURES & BENEFITS

Directional tread pattern

► The new, **unique tread pattern** provides excellent **water displacement** and **grip on snow**

Optimal distribution of slats and block edges

► Improved **traction and braking performance** on snow and ice

Latest slat design

► The many narrow slats are the decisive element for **excellent braking performance**
